

Neha M.

Ambitious, Sincere, Empathetic

I don't need easy, I just
need possible.

-Bethany Hamilton

BIOGRAPHY

Neha is a senior at Santa Clara High and an avid drug discovery researcher at the ASDRP. She is currently working on synthesizing novel anti-cancer, anti-COVID-19, and other bioactive compounds and hopes to continue research in the future. In her free time, she enjoys doing classical Indian dance and playing tennis on her school team. She wants to make a difference in the scientific and medical community through innovation.
