

# Tiffany L.

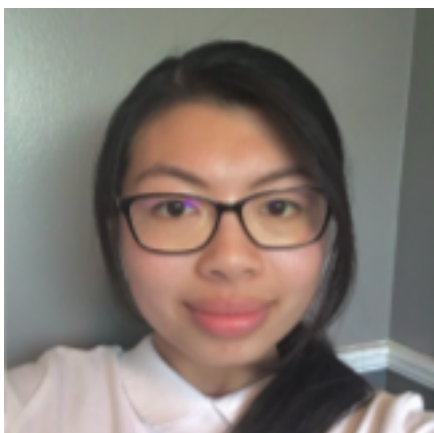

*Motivated, Versatile, Energetic*

That is what learning is. You suddenly understand something you've understood all your life, but in a new way.

– Doris Lessing

## BIOGRAPHY

Joining the SLI Program in freshman year, Tiffany is a student at Santa Clara High School who is interested in pursuing a career in life sciences. Upon joining the 49ers STEM Leadership Institute, Tiffany was given the opportunity to compete in the FIRST Tech Challenge, participate in Maker Faire, and take the AP Capstone courses.

Through her four years in high school, Tiffany has been able to take part in multiple clubs that she is passionate about, such as the Breast Cancer Awareness Club and Hack Club. With her spirit for running, she is also on the school's Track and Field varsity team, where she has ran distance since freshman year.

In her free time, Tiffany loves to volunteer at the Buddhist temple she frequently visits, listen to classical music, and watch political commentary. In the future, her dream is to become a clinical scientist and work in a laboratory. ^
